

What **banks offer as debt relief versus what Debt Breakers** can offer during **COVID-19**

South African banks have made various services available to assist consumers during this extremely financially challenging time, but are these services really the long-term solution to financially stressed consumers?

We made comparisons to what banks offer and what Debt Breakers offer. Our solution immediately releases cashflow with guaranteed reduced interest rates (sometimes as low as 0% interest)

Banks	Debt Breakers
✗ No current or previous defaults or judgements	✓ Assist client with defaults and arrears
✗ Accounts must be in good standing	✓ Poorly managed accounts included
✗ Only available to existing clients	✓ We reduce all repayments across all banks
✗ R6500.00 monthly income or less	✓ We assist all income groups
✗ Based in individual merits	✓ Based on guidelines set out by the NCR
✗ Added interest on deferred payments	✓ We reduce total outstanding interest payable
✗ Only 2-3 months debt repayment assistance	✓ 2-months debt repayment holiday including Thereafter monthly reduce payments of up to 60%

You don` t negotiate with banks, we negotiate on your behalf and enforce the rules and guidelines of the NCR. Banks are offering temporary relief, Debt Breakers guarantees permanent relief.

”

When I contacted Debt Breakers my finances were a mess, most of my accounts were in arrears and trying to make more debt to pay off the existing debt proved to be a disaster. Debt Breakers calculated a repayment plan for me that ensured no monthly debt instalment shortfalls and enough funds available to live without worrying to borrow money every month. It is now 4 years later and I received my clearance certificate from Debt Breakers, recently financed a brand-new car. I am so proud of the journey I committed to with Debt

Breakers - Thank you!
